\$609.00 males

**Savings of Over 15%, compared to individual procedures.**

Agreement:

You are responsible for all medications except as noted in program.

You must adhere to the program schedule. (Program is complete at 6 months of age)

Vaccinations and physical exams will be given at 3-4 week intervals. *Variance may cause a decrease in the level of immunity your animal receives.* This program includes exams given at the time of vaccination only.

Mountain View Veterinary Hospital is not responsible for any variances in the program created by missed appointments.

Vaccinations and physical exams are to continue until the puppy is over 16 weeks old.

Vaccinations will include Distemper, Hepatitis, Leptospirosis, Parainfluenza, Parvo, Corona virus, and Rabies. Additional Vaccination for Bordetella is available and will be discounted 15% if given in conjunction with this program. Vaccination for the Flu is not included in this program.

Spay or neuter must be performed prior to 6 months of age or additional charges will be added (unless advised against for a medical reason by the doctor).

1 dose of pain medication will be administered at the time of the spay or neuter.

HomeAgain Microchip may be given at the time of the spay or neuter.

**This program is complete when the pet reaches 6 month of age. Unused portions of the program are non-refundable.\***
